OFFICE OF PETITIONS
DEPUTY A/C PATENTS

Sir:

On January 26th, 2001, the undersigned filed an application with the United States Patent Office by sending the application together with a transmittal and a return receipt postcard to the Patent Office via Express Mail. The express mail label number on the envelope that carried the application was EL631005145US. Enclosed herewith is a confirmation from the U.S. Postal Service indicating that this mailing was delivered to the U.S. Patent Office on January 29th, 2001. In early February of 2001 we received the return receipt postcard indicating that the application was received by the Patent Office and accorded an Application Number of 09/771,112.

To date we have not received a Notice of Missing Parts, which we had expected since the application was filed without a Declaration. In following up on the status of the application with Ms. Monica Young from the Patent Office, we have been informed that the Application Number that had been indicated to have been accorded our application number was apparently awarded to a different application. We were also informed that she was unable to identify any file corresponding to our originally filed application. Accordingly, we assume that the originally filed papers were inadvertently lost or misplaced.

It is noted that a sister application was also filed on January 26, 2001 that application bears the Application No. 09/771,111 and has the same inventor and title as the above-referenced application. Please note that this is a different application.

Having learned of the misplacement of the papers, Applicant hereby promptly petitions the Commissioner to have the application accorded the USPS deposit date under 37 CFR §1.10(e).

Applicant submits that this correspondence was filed in the PTO using the Express Mail service in accordance with 37 CFR §1.10(a) as evidenced by the documents indicated below as being submitted.

Submitted herewith is:

- ☒ A copy of all the originally deposited papers and/or fees (i.e., the missing correspondence) showing the number of the "Express Mail" mailing label thereon. This number was placed on the papers and/or fees prior to the original mailing by "Express Mail."
- ☒ A copy of the returned postcard identifying the papers filed and showing the U.S. PTO mailroom date stamp.
- ☒ A copy of the "Express Mail" mailing label showing the "date-in."
- ☒ A copy of an official correspondence from the USPS showing the date of delivery.

The undersigned hereby states that the enclosed copies of the correspondence, the copy of the "Express Mail" mailing label, the copy of the returned postcard and copies of any other official USPS notation are true copies of the originally mailed documents.

Please proceed with examination of this application on the basis of: the original correspondence filed which may have now reached the appropriate area of the PTO, and/or the attached copy of the correspondence originally filed. If indeed the original application papers have been lost, the PTO is respectfully requested to waive the rules and accelerate the Examination of this application so that Examination may occur in a timely manner.

It is believed that no additional fees are due in connection with the filing of this request. However, if it is determined that any additional fees are due, the Commissioner is hereby authorized to charge such fees to Deposit Account 500388 (Order No. SIP1P041).

Respectfully submitted,
BEYER WEAVER & THOMAS, LLP
